

DMC

DETROIT MEDICAL CENTER

A COMMUNITY BUILT ON CARE

DMC Overview

A COMMUNITY BUILT ON CARE

The Detroit Medical Center (DMC) is a nationally recognized health care system that serves patients and families throughout Michigan and beyond. A premier healthcare resource, our mission is to help people live happier, healthier lives. The hospitals of the Detroit Medical Center are the Children's Hospital of Michigan, Detroit Receiving Hospital, Harper University Hospital, Hutzel Women's Hospital, the DMC Heart Hospital, Huron Valley- Sinai Hospital, the Rehabilitation Institute of Michigan and Sinai Grace Hospital. Six of DMC's eight hospitals share a Midtown Detroit campus with Wayne State University School of Medicine and are connected via a network of underground passageways for comfortable and convenient patient transfers.

DMC's 150-year legacy of medical excellence and service provides patients and families world-class care in cardiovascular health, women's services, neurosciences, stroke treatment, orthopaedics, pediatrics, rehabilitation, organ transplant and other general and specialty services.

As part of Tenet Health, an \$850 million investment in capital improvements means that today's DMC is a modern and vibrant health system offering patients and families advanced healthcare choices.

DMC is a key partner in Detroit's resurgence, which continues to draw national and international attention. A dedicated corporate citizen with strong community ties, DMC is one of the largest and most diverse employers in Southeast Michigan.

Worldwide Reach, Local Connections

Patients from all over the world choose DMC hospitals for care. World-class DMC healthcare programs and facilities use best practices and conduct business in a manner that is professional and respectful of our patients' needs. DMC's business operations and healthcare services reflect the diversity of our communities and staff. Healthy people are essential to our future as a nation. DMC's health education and disease prevention activities and partnerships with Michigan's social, civic, religious and educational groups are essential to fulfilling our mission to help people live happier, healthier lives.

Safety and Quality

There is no higher priority than the safety and quality of care we provide to our patients. From patient safety and satisfaction to quality scores and centers of excellence, care is provided using an innovative, industry-leading approach through research and best practices. DMC's hospitals are recognized year after year, locally and nationally, by leading assessors for quality, safety and expertise in overall care in multiple specialties. The DMC has launched several special healthcare initiatives:

- **International study** indicating vaginal progesterone reduces rate of preterm birth by 45% (National Institutes of Health Perinatology Research Branch housed at the Detroit Medical Center and Wayne State University)
- **MACH - Michigan Adult Congenital Heart Program** (Harper University Hospital, Hutzel Women's Hospital and Children's Hospital of Michigan).

- The Children's Hospital of Michigan serves as the designated site for the **Newborn Screening Management Program for the Michigan Department of Community Health**, providing care for individuals with metabolic disorders from birth throughout adulthood.
- **Center for Urologic Reconstruction and the Rosa Parks Geriatric Center** (Detroit Receiving Hospital).
- **DMC Lung Institute** (Harper University Hospital).
- **The Michigan Transitions of Care Collaborative** (MTC-2) with BCBS of Michigan.
- **Chest Pain Program** (Huron Valley-Sinai Hospital).
- **Continued certification** from The Joint Commission Gold Seal of Approval for Bariatric Surgery (Harper University Hospital).

Emergency Room Services

DMC has always been a leader in Emergency Care Services. More than 300,000 patients annually receive treatment at DMC, where leading edge techniques are used. Each emergency department participates in DMC's 29-minute initiative which pledges that an emergency physician will begin evaluating a patient within 29 minutes of arrival. Many of Michigan's emergency physicians received training at DMC's Detroit Receiving Hospital, renowned as Michigan's first American College of Surgeons verified Level I Trauma Center for treatment of severe injuries. The Children's Hospital of Michigan is also designated as a Level 1 Pediatric Trauma Center.

DMC Hospitals

Children's Hospital of Michigan is an international leader in pediatric and adolescent medicine. Surgical services include general, thoracic, reconstructive and cardiovascular. Imaging technology designed specifically for children provides advanced diagnostic services including Positron Emission Tomography (PET) and MRI. The Children's Hospital of Michigan Emergency Department is a verified Level 1 Pediatric Trauma Center and dedicated pediatric burn center. Experts in pediatric critical care, rehabilitation, and neonatal and perinatal medicine provide care for thousands of children every year at Children's Hospital of Michigan, Children's Hospital of Michigan - Troy and six ambulatory sites.

DMC Detroit Receiving Hospital, Michigan's first Level I Trauma Center, helped pioneer the evolution of emergency medicine and currently has one of the busiest and most well-equipped emergency departments anywhere. The first and largest verified burn center in the state is at Receiving, and it is one of only 43 in the nation. Receiving also offers the state's leading 24/7 hyperbaric oxygen program, Metro Detroit's first certified primary stroke center, and the nationally recognized and accredited DMC Rosa Parks Geriatric Center of Excellence.

DMC Harper University Hospital has distinguished itself in surgery and medicine and is known for its clinical expertise and innovative research. A specialty referral hospital, Harper has established Centers of Excellence in neurosciences, bariatric surgery, vascular services, multidisciplinary cardiovascular services, hypertension, stroke prevention and heart failure.

DMC Heart Hospital is the first new hospital in Detroit in a generation, and is home to DMC Cardiovascular Institute, Cardio Team One, and the Harper Specialty Center. Cardiologists, cardiac surgeons and vascular surgeons collaborate in this state-of-the-art medical facility with a single goal: to provide extraordinary, immediate care to patients with heart and vascular disease in a unique care environment that is unparalleled in the region.

DMC Huron Valley-Sinai Hospital in Oakland County is committed to outstanding customer service and medical care. This hospital features the Harris Birthing Center with all private birthing suites, the Charach Cancer Treatment Center (affiliated with the Barbara Ann Karmanos Cancer Center), cardiac services, and comprehensive inpatient and outpatient diagnostic care. For emergency services, obstetrics and ambulatory surgery, Huron Valley-Sinai consistently ranks among the top hospitals in the nation.

DMC Hutzel Women's Hospital is nationally recognized for cutting-edge research in high-risk obstetrics, infertility, reproductive genetics, neonatology, maternal fetal medicine, midwifery, gynecology, urogynecology, menopause, permanent birth control and alternatives to hysterectomy. With a rich history of more than 150 years as Michigan's first hospital for women, patients benefit from Hutzel's commitment to research and education. Home to the Perinatology Research Branch of the Eunice Kennedy Shriver National Institute for Child Health and Human Development (NICHD), National Institutes of Health (NIH), Hutzel is recognized as a leader in women's health by physicians and researchers across the country.

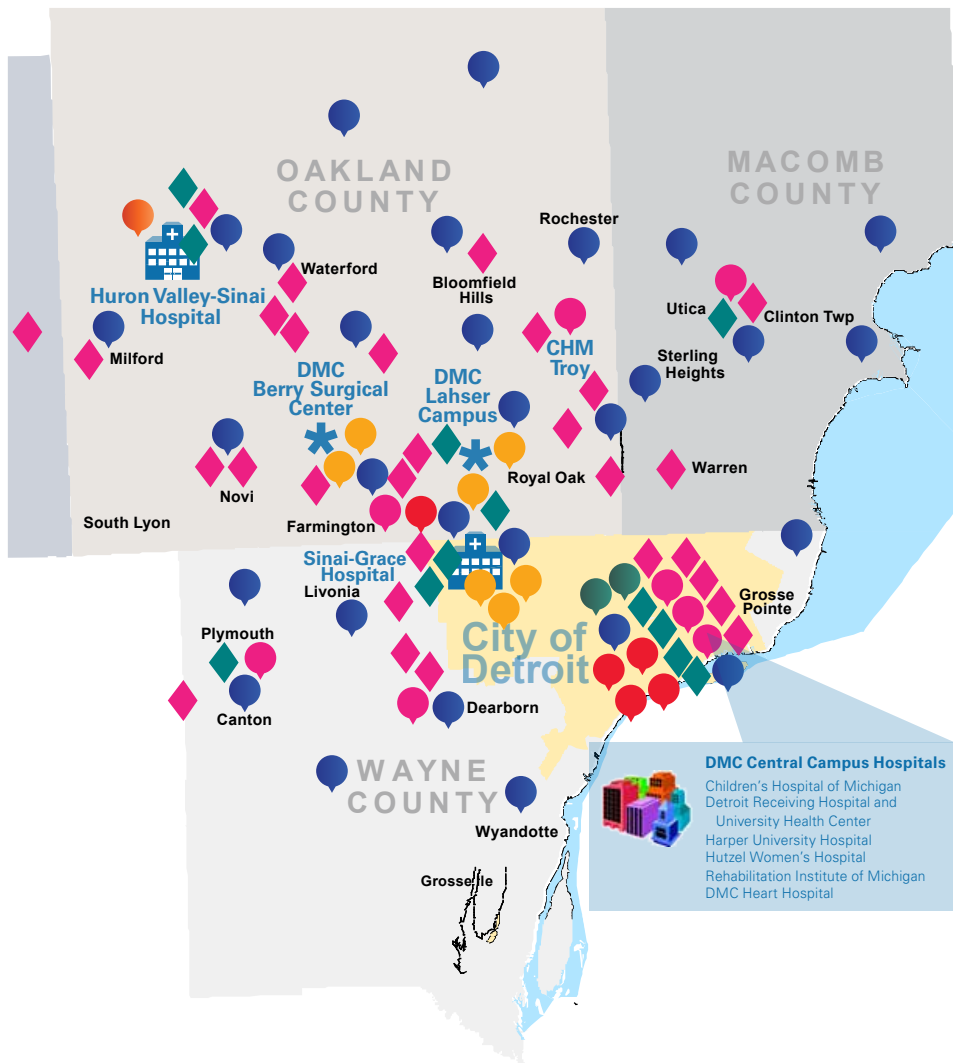

DMC Rehabilitation Institute of Michigan is one of the nation's largest hospitals specializing in rehabilitation medicine and research. RIM is known for its clinical expertise in spinal cord injury, brain injury, stroke, amputee, orthopedics and catastrophic injury care. The Institute houses the Center for Spinal Cord Injury Recovery and the Southeastern Michigan Traumatic Brain Injury System (SEMTBIS), one of only 16 federally designated model systems of care for brain injury care and research. RIM also operates 31 outpatient sites throughout southeast Michigan specializing in sports medicine and orthopaedics.

DMC Sinai-Grace Hospital is DMC's largest hospital, offering a comprehensive heart center, cancer care, gerontology, emergency medicine, obstetrics/gynecology and cosmetic services. Sinai-Grace's joint replacement program features a revolutionary minimally invasive knee and hip replacement surgery that attracts patients from all over the country. Sinai-Grace operates more than 21 outpatient care sites and ambulatory surgery centers throughout Wayne and Oakland Counties and is one of 10 hospitals in the nation to be awarded a Robert Wood Johnson Foundation grant to help set the standards of cardiac care for hospitals and physicians throughout the nation.

Organizational history

DMC is renowned for its legacy of medical excellence and service

Our reputation draws patients from around the world to our leading-edge programs in cardiovascular, women's services, neurosciences, stroke treatment, orthopaedics, pediatrics, rehabilitation, and organ transplant. A dedicated corporate citizen with strong community ties, DMC is one of the largest employers in Detroit.

DMC is committed to improving the lives of every person who enters our doors and elevating the communities we touch.

DMC's hospitals are recognized year after year, locally and nationally, by leading assessors for quality, safety, and expertise in overall care and in multiple specialties.

Our academic affiliations with Wayne State University School of Medicine, Nursing and Allied Health Services, and Michigan State University's College of Osteopathic Medicine keep DMC at the forefront of clinical quality with the latest in medical treatments and technology.

DMC CARES VISION

Deliver leading healthcare to Detroiters – for our patients, through our people, with our performance, in our community

DMC Awards

Recognized among “America’s Best Hospitals” and “America’s Best Children’s Hospitals” by U.S. News and World Report 2018-2019.

Children's Hospital of Michigan's 14-bed inpatient rehabilitation program is certified by the **Commission on Accreditation of Rehabilitation Facilities (CARF)**, demonstrating dedication to accountability and compliance with internationally accepted standards of excellence.

Children's Hospital of Michigan is the only hospital in Metro Detroit designated as an accredited center of care for providing high-quality cardiac care to children with cardiomyopathy. The designation is made by the Children's Cardiomyopathy Foundation (CCF), a national nonprofit committed to improving the health outcomes and quality of life for children with cardiomyopathy.

Children's Hospital of Michigan is a **National Association of Epilepsy Centers verified level IV epilepsy center** which demonstrates that the Hospital provides the highest level of medical and surgical evaluations and treatments for children with epilepsy.

Community and outreach

61 Day Challenge

DMC's 61 Day Health Challenge is a community initiative focusing on healthy lifestyle management including nutrition, health education, healthy food choices, fitness and dedication.

RiverWalkers

Detroit Receiving's RiverWalkers is a senior walking program presented by the Detroit Medical Center. Seniors 55+ are invited to participate in this free program that encourages wellness through walking and fitness classes on the Detroit RiverWalk.

March of Dimes

DMC is a proud partner of March for Dimes and has hosted the March for Babies Walk in Wayne County since 2016. More than 3,000 families attend to raise funds for research to promote healthy moms and strong babies.

Project Genesis

DMC's summer youth employment program Project Genesis celebrated its 11th year providing employment opportunities for our cities youth.

DMC Adopt-A-Family

The Adopt-A-Family program gathers wish lists from patients/families and gets them filled through the generous donations of DMC employees, departments and community organizations to provide food, clothing, household items, toys and gifts they might otherwise go without.

DMC & You

Detroit Receiving, Hutzel Women's, Sinai-Grace, Harper University and Huron Valley-Sinai Hospitals host a year-long FREE community health education series.

Donations

DMC designated more than \$1 million in support and charitable contributions to address community wellness, education and food programs, insurance enrollment initiatives and neighborhood stabilization projects.

Partnerships

We partner with Detroit PAL, Detroit Police Department 90-Day Challenge, DAPCEP, City Year, American Heart Association GoREDTALKS, Papa Joe's Marketplace, Detroit Lions, Detroit Tigers, Detroit Red Wings, National Institutes of Health Perinatology Research Branch, Vibra Healthcare, AARP, Community Network Services, Cornerstone Schools Health High School, Detroit Arsenal Community Health Promotion Council, U.S. Department of Probations and Uplift, Inc.

Children's Hospital of Michigan Annual Healthy Over Hungry Cereal Drive

Summertime. School's out, and for more than 300,000 children in southeast Michigan, that means the end of a guaranteed school breakfast. Since 2009, the Children's Hospital of Michigan Professional Nurse Council's Cereal Drive has helped feed thousands of children in the summer. The most recent drive was the best ever, collecting 1,938,537 servings of cereal to be distributed by the Gleaners Community Food Bank of Southeastern Michigan and its more than 500 pantry affiliates.

Decades of breakthroughs

1863 Harper Hospital is founded, treats Civil War soldiers.

1868 Children's Hospital of Michigan established.
