December 10, 2025

December 15, 2025

December 19, 2025

Preliminary Resident Interviews

January, 2026 (Date TBD)

These dates are subject to change.

The Association of Program Directors of Surgery (APDS) suggests a national interview invitation release date of between October 22 through October 31, 2025. While the program recognizes these dates, we also will be sending an initial round of interview invitations prior to our first interview date of October 21, 2025. The program will continue as always to review applications in a thorough and holistic manner as all applications are considered.
