November 18, 2026

December 11, 2026

December 14, 2026

December 16, 2026

Preliminary Resident Interviews

January, 2027 (Date TBD)

These dates are subject to change.

The Association of Program Directors of Surgery (APDS) suggests a national interview invitation release date beginning October 21, 2026. While the program recognizes these dates, we may be sending an initial round of interview invitations prior to our first interview date of October 30, 2026. The program will continue as always to review applications in a thorough and holistic manner as all applications are considered.
